Professional Summary

I am an enthusiastic Information Technology undergraduate at SLIIT Northern University with hands-on experience in mobile app development, web development, and programming. I have a good understanding of data structures, algorithms, software design, UI/UX design and problem-solving. I have built efficient and user-friendly applications through my studies and personal projects. I am eager to use my technical skills and teamwork abilities in a professional environment to gain industry experience and contribute to innovative solutions.
